

22nd International Conference on Human Retrovirology:
HTLV and Related Retroviruses
HTLV2026

June 3-6, 2026 | Philadelphia, Pennsylvania, USA

HTLV 2026

P H I L A D E L P H I A , U S A

JUNE 3-6, 2026

ABOUT US

The HTLV conference was initiated by IRVA, The International Retrovirology Association to promote research and education in the field of human retrovirology at an international level. The Association has chosen to focus on HTLV and other related human and nonhuman primate retroviruses, in part, because numerous other organizations and conferences already exist to study human immunodeficiency virus (HIV).

The Association strives to promote excellent science in the field of HTLV and related viruses and to facilitate the communication of scientific results. The Association fosters the education and training of young scientists who will contribute to and expand the field. The Association promotes bench-to-bedside research that translates findings from the laboratory into clinical trials that benefit HTLV-infected patients. In addition, the Association promotes awareness of and education about HTLV and related viruses to non-specialist physicians and the broader public.

The biennial International Conference on Human Retrovirology has been held for 40 years, and has established itself as the most prominent international conference for basic science and clinical research of the Human T cell Leukaemia virus (HTLV) infection and its diseases. HTLV is an oncovirus which is closely related to HIV. Just like HIV it is transmitted through condom-less sex, blood and from mother-to-child. Once acquired, infection is lifelong and unlike HIV there is no treatment or cure for HTLV. In up to 10% of people living with HTLV (PLHTLV),

HTLV-1 leads to serious diseases, such as an aggressive form of leukaemia, neurological and inflammatory diseases, associated with significantly increased mortality. Worldwide an estimated 5-10 million people live with HTLV-1 infection, with the highest prevalence in focal regions of Japan, Latin America, West Africa, the Caribbean, the Middle East, and Oceania.

AN OPPORTUNITY FOR YOU TO

Support and Contribute

to the Medical & Scientific educational opportunities for the sector.

Create Awareness and Understanding

for your brand and organization with an opportunity to showcase your latest product developments and updates in new technologies that differentiate you from your competitors.

Access and Engage

with attendees working in HTLV and related diseases face-to-face .

Build and Improve Relationships

with current and potential clients throughout the conference program and continue to build your reputation as a leader in the field.

CONFERENCE OBJECTIVES

1

Raise awareness about HTLV-1 and related retroviruses

2

Study new data on prevalence, transmission, testing and treatment of HTLV-1

3

Inform research and programmatic responses to HTLV-1

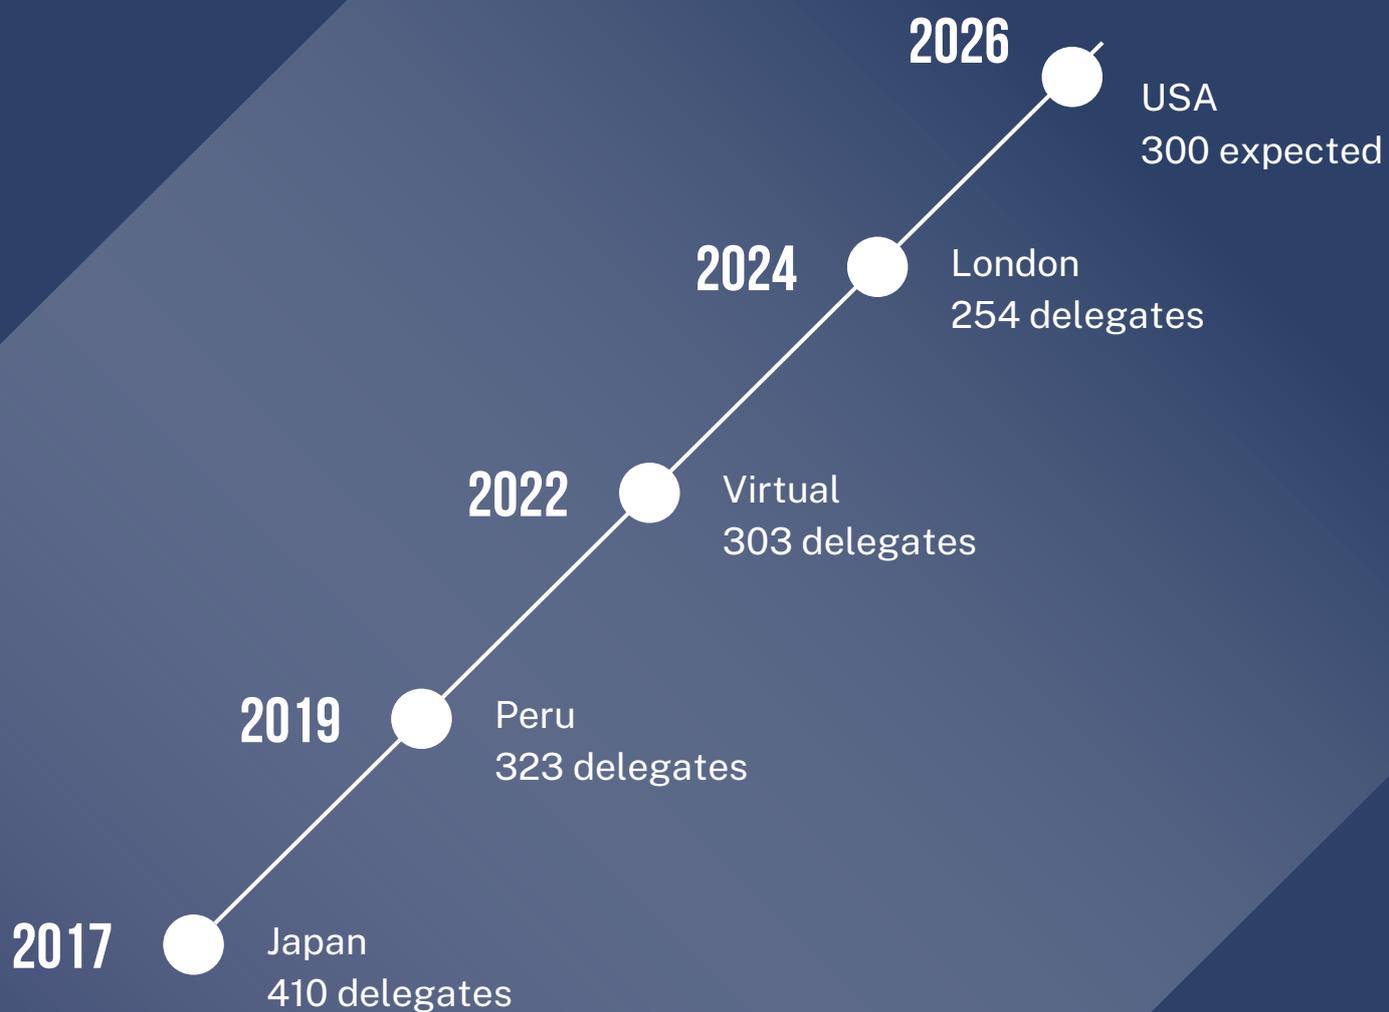

4

Learn from successful HTLV-1 interventions program

5

Create networking and learning opportunities among all research disciplines working on HTLV-1

ATTENDEE NUMBERS

TARGET AUDIENCE

The conference provides you with the opportunity to access and engage your target audience before, during and after the event.

Researchers working in basic science, clinical, public health or social research settings

Policy makers

Healthcare professionals

Non government organisations

International news & media

SPONSORSHIP

DIAMOND PACKAGE

GOLD PACKAGE

SILVER PACKAGE

\$10,000

\$7,500

\$5,000

The details of the available opportunities are outlined in the following pages. Feedback is welcome on how we can tailor a package to meet your objectives to ensure you receive the best value for your participation.

We advise you to secure your participation early in order to gain longer-term exposure

EDUCATION & SCIENCE

EDUCATIONAL SATELLITE SYMPOSIUM - \$5,000

Opportunity to host an Educational Satellite Symposium within the conference program. The session will allow you to fully engage your target audience with content put together by your organization. Additional features contained within the package include:

- Promotion of the Symposium in the electronic marketing of the conference
- One tailored advertising email to all registered conference delegates
- Listing of the Symposium in the conference program
- Assistance with Symposium/speaker logistics
- Time slots for the Symposium will be determined by the program committee and may be a breakfast or evening session.
- All logistical requirements are to be organized through the conference organiser
- The content of the Symposium will be entirely the responsibility of the sponsor and can in no way be seen to be endorsed by the committee (the committee do have content approval rights).
- The sponsor is to consult with the secretariat on the content already planned in the program and communicate suggested topics to ensure no duplication with the main conference program
- No sponsor side meetings, dinners or events are to be organized during the conference

ON DEMAND CONTENT SUPPORTER - \$3,000

Sponsor the recording and hosting of the conference sessions to provide on-demand content on the website post event. On demand content adds flexibility to the program and allows us to reach those who could not attend all sessions live.

Benefits:

- Acknowledgement of support on the conference website with logo and hyperlink to company's website
- Company logo on all promotion with a link to the on - demand content
- All sessions captured will be provided on the conference website.
- Opportunity to include a short advertorial of your choosing to the on-demand content

ADDITIONAL OPPORTUNITIES

CONFERENCE SCHOLARSHIP SUPPORTER: \$10,000

The Conference Scholarship Program assists individuals to attend the Conference. Scholarships will be granted to individuals facing financial hardship. The assessment and eligibility criteria are available on request from the Conference Secretariat and will be available on the Conference website. This amount will support full conference registration for ten recipients.

Benefits:

- Acknowledgement of support on the conference website on the scholarship page
- Acknowledgement of support in the notification email sent to delegates

Note: Support is via an unconditional grant. The supporter has no control over content, tone, emphasis, allocation of funds or selection of recipients.

SCIENTIFIC POSTER EXHIBITION SPONSOR - \$5,000

Opportunity to support the delivery of our scientific poster exhibition that will feature throughout the conference and will be held alongside lunch and refreshment enabling our audience to visit the posters during the breaks for the duration of the conference.

Benefits include:

- Sponsor acknowledgement on all conference documentation including printed materials, and conference holding slides.
- Acknowledgement of sponsorship support in the poster area.
- Sponsor acknowledgement on delegate badges
- 3 x exhibitor passes with access to all conference sessions

LANYARD SPONSORSHIP: \$3,500

The Opportunity to supply branded lanyards for use by delegates at the conference. Lanyards to be provided by the sponsor.

Benefits include:

- Brand visibility
- Lanyards issued to all registered attendees on site
- Brand longevity
